

HI-TECH SPY DETECTOR

- ❑ RF wireless signal detector.
- ❑ Magnetic field positioning detector.
- ❑ IR940 infrared light detector.
- ❑ Simple operation.

Description

3 in 1 spy camera detector - Ultimate privacy protection.

This professional-grade security device detect wireless hidden camera, wireless bugs, infrared light camera & GPS tracker ensuring privacy in hotels, offices, conference rooms & vehicle.

Wireless Signal Detection: Finds wireless hidden camera, bugs & GPS tracker.

Magnetic Field Detection: Locates magnet-based GPS tracker.

IR940 Infrared Detection: Identifies hidden night-vision cameras.

Product Features :

- ❑ Detection Frequency Range: 10Mhz - 8600Mhz
- ❑ Detection Sensitivity: <0.03mV (for main frequency band)
- ❑ Detection Range (2.4G) 12 m2 (standart 10mW)
- ❑ Detection Range (1.2G) 16 m2 (standart 10mW)
- ❑ Detection Range (2G - 5.8G) 15 m2 (standart 10mW)
- ❑ Indicator: Digital display, buzzer & vibration alert
- ❑ Battery: 500mAh Rechargeable lithium battery
- ❑ Full-charge time: 4 hours
- ❑ Continuous Working Hours: Up to 8 hours
- ❑ Power Consumption: 50-80mA
- ❑ Dimension : 11.7*6.5*2.4 cm
- ❑ Weight : 297g

ORDERING INFORMATION

HI-TECH SPY DETECTOR

Included Accessories:

1 x Antenna

1 x Magnetic Field Probe

1 x USB Type-C Charging Cable

Manual
Warranty Card
