

HI-TECH PINHOLE WIFI CAMERA

- ☒ Flexible appearance and easy to carry
- ☒ Working while charging
- ☒ Point-to-point connection, can work without a network connection

Description

The hidden camera module with 5.0 Mega resolution HD 1080P live streaming video is a powerful tool for remote surveillance. This compact camera module can be remotely controlled by the app "TinyCam" and provides high-quality video in real-time. One of the main benefits of this camera module is its versatility. It's easy for DIY needs and can be integrated into a variety of objects such as teddy bears, bookshelves, or mini vases to monitor homes or offices as a security camera. This feature allows users to create their own customized surveillance system to fit their specific needs.
