- ❑ Ultra long standby time around half an year (Standby mode)
- ❑ App remotely taking video and photo
- ❑ Wi-Fi worldwide live streaming video
- ❑ PIR detection around 5M distance, 2M height
- ❑ Speak and talk two way audio

## Description

The Smart Home Security Wi-Fi IP HD Camera is an advanced security solution that offers various features to ensure your home or business stays safe and secure. It comes with a half-year ultra-long standby time, which means that you can rely on this camera for extended periods without worrying about recharging. It can capture high-quality images during the day and has an excellent night vision capability of up to 5 meters. You can also choose to take pictures or record videos at any time by using the app. Moreover, the camera has a precise motion detection feature that uses PIR sensors to detect movement around 5 meters away and 2 meters high, ensuring that you're alerted to any suspicious activity in real-time.
