

# HI-TECH SMOKE DETECTOR WIFI CAMERA

- ❑ Dummy Smoke Detector
- ❑ Low power consumption
- ❑ Around 5 meters night vision
- ❑ PIR detection around 5M distance, 2M height
- ❑ Viewing angle 145 degree & 15 degree adjustment lens

## Description

The Dummy Smoke Detector WiFi Camera is a discreet security device designed to look like a standard smoke detector, blending seamlessly into any environment. Despite its subtle appearance, it supports remote live viewing, PIR human detection, motion alerts, 1080P HD recording, automatic night vision, and up to one year of standby time.

It can be ceiling or wall mounted for a wide viewing angle, with the lens adjustable up to 15 degrees. Through the mobile app, you can access live footage anytime and receive instant alerts when motion is detected making it ideal for monitoring homes, offices, shops, or warehouses with clear video.
