

HI-TECH MINI WIFI VOICE RECORDER

- ❑ Mini Portable Pocket Sized
- ❑ Real-time audio monitoring with push alarm notifications
- ❑ Wi-Fi connection (no SIM card required) with low power consumption for long standby use
- ❑ Audio files can be remotely downloaded to your mobile device from SD card

Description

The Hi-Tech Mini WiFi Voice Recorder is a compact audio device that offers real-time monitoring and sound-activated recording with push notifications to your mobile device. Operating via WiFi instead of a SIM card, it eliminates monthly fees and includes three modes, including two power-saving options for extended standby.

It delivers high-quality recordings with clear playback, supports loop recording, and can operate while charging for continuous use.
