

PERSONAL TRACKER ADVANCE

- ☒ Real-time Tracking
- ☒ Built-in high sensitive GPS & GSM
- ☒ Geo-Fence
- ☒ Playback route Up to 90 days

Description

This Personal GPS Tracker is a reliable and versatile safety device designed for real-time tracking anywhere using GSM/GPRS networks. Equipped with advanced GPS and GSM chips, it ensures accurate positioning and instant data updates.

With IP67 waterproof protection, it's perfect for outdoor activities like hiking, camping, and boating. The built-in battery provides 2-3 days of standby time for extended use.

Easily controlled via a mobile app, it supports real-time tracking and geofence alerts for enhanced personal and asset security.
